**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
To Be Held on May 26, 2004**

GENERAL INFORMATION

The enclosed proxy is solicited on behalf of the Board of Directors of Synopsys, Inc., a Delaware corporation (Synopsys or the Company), for use at the Annual Meeting of Stockholders to be held on May 26, 2004, at 12:30 p.m. local time in the Babbage conference room of our offices located at 455 N. Mary Avenue, Sunnyvale, California 94085.

The Company intends to mail these proxy solicitation materials on or about April 14, 2004 to all stockholders entitled to vote at the Annual Meeting.

Solicitation

Synopsys will bear the cost of soliciting proxies. We have retained D.F. King & Co., Inc. to assist us in soliciting of proxies, for which we will pay D.F. King & Co. a fee of approximately \$8,500 plus out-of-pocket expenses. We will also reimburse brokerage houses and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. We will furnish copies of solicitation material to such brokerage houses and other representatives. Proxies may also be solicited by our directors, officers and employees without additional compensation personally or by telephone, facsimile, or e-mail. Except as described above, Synopsys does not presently intend to solicit proxies other than by mail.

Revocability of Proxies

Any person giving a proxy may revoke it at any time before the Annual Meeting by delivering to Synopsys' principal executive offices a written notice of revocation or a duly executed proxy bearing a later date. The proxy may also be revoked by attending the Annual Meeting and voting in person.

Record Date, Voting and Share Ownership

Stockholders of record on April 7, 2004 are entitled to notice of and to vote at the Annual Meeting. As of the record date, 155,113,953 shares of our common stock, \$.01 par value, were issued and outstanding. No shares of Synopsys' preferred stock were outstanding.

Each stockholder is entitled to one vote for each share of common stock held by such stockholder of record as of the close of business on April 7, 2004. The holders of a majority of the shares issued and outstanding, represented in person or by proxy, shall constitute a quorum. All valid proxies received before the meeting will be exercised and all shares represented by a proxy will be voted. Where a stockholder specifies by means of his or her proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If a stockholder indicates no choice on the proxy as to a given proposal, the shares will be voted in favor of the proposal. A stockholder who abstains on any or all matters will be deemed present at the meeting for purposes of determining whether a quorum is present and the total number of votes cast with respect to a proposal (other than votes cast for the election of directors); the abstention will have the same effect as an "Against" vote. If a nominee (such as a brokerage

firm) holding shares for a beneficial owner does not receive instructions from such beneficial owner as to how to vote those shares on a proposal and does not have discretionary authority to vote on such proposal, then the shares held by the nominee will be deemed present at the meeting for quorum purposes but will not be deemed to have voted on such proposal.

Voting by Beneficial Owners

If you hold your shares through a broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Synopsys. Simply complete and mail the proxy card to ensure your vote is counted. Alternately, you may vote by telephone or over the Internet if permitted by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING

PROPOSAL ONE—ELECTION OF DIRECTORS

Synopsys' Bylaws provide that the Board of Directors shall consist of not less than five nor more than nine persons; the Board has set the number of directors at nine persons. At the Annual Meeting, stockholders will elect nine directors to serve until our next Annual Meeting or until their successors are elected and qualified. The Corporate Governance and Nominating Committee of the Board has selected nine nominees for director. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unavailable to serve. Unless otherwise instructed, the proxy holders will vote proxies for the nominees named below. The nine candidates receiving the highest number of affirmative votes of the shares represented and voting on this proposal at the Annual Meeting will be elected directors of Synopsys.

Board Committees and Meetings

Our fiscal year ends on the Saturday nearest October 31 each year. Synopsys' 2003 fiscal year ended on November 1, 2003.

During fiscal 2003, the Board of Directors held five meetings. During the year, the Board committees were the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee (Governance Committee) and the Strategy Committee. The Audit Committee's Charter is included in this Proxy Statement as Appendix A; the charters of all Synopsys committees, as well as additional information about the Company's corporate governance policies and practices, are available on the Company's website at www.synopsys.com/corporate/governance. Such charters and additional information shall not constitute "soliciting material," shall not be deemed "filed" with the Securities and Exchange Commission (SEC) and is not to be incorporated by reference into any other Company filing under the Securities Act of 1933 (the Securities Act) or the Exchange Act of 1934 (the Exchange Act), except to the extent Synopsys specifically incorporates such charters and additional information by reference therein.

During fiscal 2003, the Audit Committee held twelve meetings. Prior to February 2003, the Audit Committee consisted of Mr. Bryant, Ms. Coleman (chair), and Dr. Somekh. In February 2003, Mr. Vallee was appointed to the Audit Committee, replacing Mr. Bryant. As a result, all members of the Audit Committee are independent under the listing standards of the National Association of Securities Dealers, Inc. (NASD).

The Audit Committee acts on behalf of the Board, performing financial oversight responsibilities relating to (i) the integrity of the Company's financial statements, financial reporting processes and

systems of internal accounting and financial controls, (ii) supervising the Company's internal audit function, (iii) the annual independent audit of the Company's financial statements, (iv) the engagement of the Company's independent auditors and evaluation of their performance and independence, and (v) compliance with legal and regulatory requirements. SEC regulations require Synopsys to disclose whether a director qualifying as a "financial expert" serves on the Synopsys' Audit Committee. Synopsys has determined that both Ms. Coleman, Chairperson of the Audit Committee, and Roy Vallee, qualify as "financial experts" within the meaning of such regulations.

During fiscal 2003, the Compensation Committee held four meetings; the members were Mr. Bryant, Mr. Chizen, Ms. Coleman and Mr. Walske (chair), all of whom served on the Compensation Committee for the entire fiscal year. The Compensation Committee reviews and approves Synopsys' general compensation policies, sets compensation levels for Synopsys' executive officers (including the Chief Executive Officer) and administers Synopsys' stock option, employee stock purchase and 401(k) savings plans. During fiscal 2003, the Compensation Committee maintained a Grant Subcommittee comprised of Committee members Mr. Chizen, Ms. Coleman and Mr. Walske, whose purpose was to ensure that option grants made to Synopsys' executive officers complied with certain securities and tax rules. In December 2003, the Compensation Committee was reorganized to consist of Ms. Coleman and Messrs. Chizen (chair) and Walske. As a result, all members of the Compensation Committee are independent directors under applicable SEC rules and the listing standards of the NASD, and the Compensation Committee has dissolved the Grant Subcommittee.

During fiscal 2003, the Governance Committee held four meetings; the members were Mr. Bryant, Mr. Chizen, Ms. Coleman, Dr. Newton, Dr. Somekh, Mr. Vallee and Mr. Walske, all of whom served on the Governance Committee for the entire fiscal year, except for Mr. Vallee who was appointed to the Governance Committee in February 2003 upon joining the Board.

In December 2003, the Board reorganized the Governance Committee to consist of Mr. Chizen, Ms. Coleman, Dr. Somekh, Mr. Vallee and Mr. Walske, and appointed Mr. Walske as the lead independent director. Each of the current members of the Governance Committee is an independent director under the listing standards of the NASD. The Governance Committee identifies and recommends to the Board candidates for membership on the Board and Board committees, oversees matters of corporate governance, reviews the performance of the Chief Executive Officer and other executive officers and reviews such other matters relating to Synopsys' management as it deems appropriate. The Governance Committee's policy regarding consideration of director candidates submitted by stockholders is set forth below under "Consideration of Stockholder Recommendations for Candidates for Director." The Governance Committee has approved the nine nominees for election to the Board at the Annual Meeting.

Prior to August 2003, the Company maintained a Technology Committee which advised the Board on long-term strategy and industry development issues and which consisted of Dr. Newton and Dr. Somekh. This committee held no meetings during fiscal 2003. In August 2003, the Board re-purposed the Technology Committee as the Strategy Committee and appointed Drs. de Geus (chair), Newton and Somekh as members. The Strategy Committee oversees the development and implementation of the Company's strategic plan.

During fiscal 2003, all directors attended at least 75% of the meetings of the Board of Directors and Board committees on which they served, except that Dr. Somekh attended 71% of all Board meetings and meetings of committees on which he served during such fiscal year.

Director Compensation

Each member of the Board receives a cash retainer of \$25,000 per year. Each member of the Audit Committee also receives \$2,000 per Audit Committee meeting attended, other than the Chairperson, who receives \$4,000 per Audit Committee meeting attended, in each case up to a maximum of four meetings per year.

An aggregate of 2,100,000 shares are currently authorized for issuance under our 1994 Non-Employee Directors Stock Option Plan (the Directors Plan), reflecting the two-for-one stock split the Company completed on September 23, 2003. As of March 15, 2004, options to purchase 1,168,492 shares were outstanding under the Directors Plan and 410,346 shares were available for issuance. Pursuant to the terms of the Directors Plan, an aggregate of 300,000 shares are automatically added to the pool available for future options on the first trading day of each calendar year during the term of the Directors Plan.

The Directors Plan provides automatic grants to each non-employee member of the Board of Directors upon initial appointment or election to the Board, upon reelection and for annual service on Board committees. The option price per share is 100% of the fair market value of the common stock on the grant date. Under the Directors Plan, as originally adopted, new non-employee directors received an option for 40,000 shares, vesting in equal installments over four years. In addition, each continuing director who was reelected at an annual meeting of stockholders received an option for 20,000 shares and an additional option for 10,000 shares for each Board committee membership, up to a maximum of two committee service grants per year. In August 2003, and consistent with the Board's general reduction of grants to executive officers under other Company stock option plans, the Board amended the Directors Plan to reduce the size of the initial and committee grants to 30,000 and 5,000 shares, respectively. The annual and committee service option grants vest in full on the date immediately prior to the date of the annual meeting following their grant. In the case of directors appointed to the Board between annual meetings, the annual and any committee grants are prorated based upon the amount of time since the last annual meeting.

The Directors Plan is scheduled to expire in October 2004. Accordingly, in December 2003, the Board amended the Directors Plan to extend its term by five years, subject to stockholder approval at the Annual Meeting. See "Proposal Two—Approval of Amendment to 1994 Non-Employee Directors Stock Option Plan."

During fiscal 2003, Ms. Coleman, Drs. Newton and Somekh and Messrs. Bryant, Chizen, Walske and Vallee each received automatic grants of options to purchase 20,000 Synopsys common shares at an exercise price of \$30.94 per share for board service, and two grants of options to purchase 10,000 shares each at an exercise price of \$30.94 per share for committee service. Mr. Vallee, who joined the Board in February 2003, also received an option for 40,000 shares at an exercise price of \$20.46 for his initial service, a pro-rated annual grant of 6,666 shares at an exercise price of \$20.46 per share, and two pro-rated committee grants for an aggregate of 6,666 shares at an exercise price of \$20.23 per share.

Security Ownership of Certain Beneficial Owners and Management

In a continuing effort to align the interests of the Board members and Company senior executives with the interests of the Company's stockholders, the Board adopted stock ownership guidelines in August 2003. Under these guidelines, the Board has recommended that the following covered persons achieve the share ownership levels listed, and hold the number of shares recommended for so long as they are covered persons with the Company: (i) Board members, 10,000 shares, (ii) Chief Executive Officer, 50,000 shares, (iii) President and Chief Operating Officer, 25,000 shares, and (iv) all Company senior vice presidents, 10,000 shares.

Covered persons may acquire shares of the Company's common stock through stock option exercises, purchases under the Company's Employee Stock Purchase Plan (if applicable), through open market purchases made in compliance with applicable securities laws and the Company's insider trading policy, or through any other equity plans the Company may adopt from time to time. The Board has recommended that each covered person meet the applicable guidelines within four years of becoming a covered person. The guidelines do not require any covered person to exercise stock options or to purchase Company shares on the open market solely to meet these guidelines. When stock options are exercised, however, the guidelines recommend that the covered person retain a number of shares equal to the lesser of twenty-five percent (25%) of the net value of shares acquired or vested (after deducting the exercise price, if any, and taxes at an assumed tax rate), or a number of shares necessary to reach such person's applicable stock ownership guideline amount.

The following table sets forth certain information with respect to the beneficial ownership of Synopsys common stock as of March 15, 2004 by (1) each person known by Synopsys to own beneficially more than five percent of Synopsys' common stock outstanding on that date, (2) each Synopsys director, (3) each of the named executive officers (as defined below under "Executive Compensation") and (4) all Synopsys directors and current executive officers as a group.

Stock Option Grants

The following table sets forth further information regarding individual grants of options for Synopsys' common stock during fiscal 2003 for each of the named executive officers. All grants for each of the named executive officers were made pursuant to Synopsys' 1992 Stock Option Plan (the 1992 Plan). In accordance with SEC rules, the table sets forth the hypothetical gains or "option spreads" that would exist for the options at the end of their respective ten-year terms based on assumed annualized rates of compound stock price appreciation of 5% and 10% from the dates the options were granted to the end of the respective option terms. Actual gains, if any, on option exercises are dependent on the future performance of Synopsys common stock.

Change of Control Agreements and Named Executive Officer Employment Contracts

Under the 1992 Plan, in the event of certain changes in the ownership or control of Synopsys, including an acquisition of Synopsys by merger or asset sale, each outstanding option under the 1992 Plan will automatically become exercisable in full, unless the option is assumed by the successor corporation, or parent thereof, or replaced by a comparable option to purchase shares of the capital stock of the successor corporation or parent thereof.

In addition, in the event of a successful hostile tender offer for more than 50% of the outstanding Synopsys common stock or a change in the majority of the Board of Directors as a result of one or more contested elections for membership on the Board of Directors, the administrator of the 1992 Plan has the authority to accelerate vesting of outstanding options or shares purchased under the 1992 Plan.

The Directors Plan provides that in the event of a change of control or corporate transaction, as such terms are defined in the Directors Plan, all outstanding Directors Plan options shall become fully vested and exercisable as of the date of such change of control or corporate transaction.

Synopsys has entered into Employment Agreements, effective October 1, 1997, with its Chairman and Chief Executive Officer and its President and Chief Operating Officer. Each Employment Agreement provides that if such officer is terminated involuntarily other than for cause within 24 months of a change of control, (a) such officer will be paid an amount equal to two times the sum of such officer's annual base pay plus his target cash bonus, and the cash value such officer's health benefits for an 18 months period, and (b) all stock options held by such officer will immediately vest in full. If the officer is terminated involuntarily other than for cause in any other situation, the officer will receive a cash payment equal to the sum of the officer's annual base pay for one year plus the target cash bonus for such year and cash value of the executive's health benefits for 12 months. The terms "involuntary termination," "cause" and "change of control" are defined in the Employment Agreements, each of which is filed with the SEC.

Certain Transactions

During fiscal 2003, Dr. Newton provided consulting services to Synopsys, for which he was paid \$180,000. Under Synopsys' agreement with Dr. Newton, at Synopsys' request, Dr. Newton provides advice concerning long-term technology strategy and industry development issues, as well as assistance in identifying opportunities for partnerships with academia.

Revenues derived from Intel Corporation and its subsidiaries in the aggregate accounted for approximately 9.5% and 7.9% of fiscal 2003 and 2002 revenues, respectively. Andy D. Bryant, Intel Corporation's Executive Vice President and Chief Financial and Enterprise Services Officer, also serves on Synopsys' Board of Directors. Management believes the transactions between the two parties were carried out on an arm's length basis.

The Company maintains a System-on-a-Chip Venture Fund (the Fund) authorized by the Company's Board which invests in companies that are designing complex systems-on-chips or otherwise developing technology complementary to the Company's strategy. The Fund is administered by an investment advisory board consisting of senior Company officers, including the Company's Chief Executive Officer and Chief Operating Officer, and Dr. Newton, a member of the Board. The Fund has invested \$800,000 in a private company that develops system-on-a-chip test systems. The Chairperson of the Company's Audit Committee, Deborah A. Coleman, is also the Chairperson of the Board for such company. Ms. Coleman did not participate in the Fund's investment decision.

Report of the Compensation Committee

The following is the report of the Compensation Committee describing the compensation policies governing compensation paid to Synopsys' executive officers during fiscal 2003. The material in this report is not "soliciting material," is not deemed "filed" with the SEC, and is not to be incorporated by reference

into any filing of the Company under the Securities Act or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

Executive Compensation

Purpose of the Compensation Committee

The Compensation Committee determines compensation levels for the Company's executive officers, including the Chief Executive Officer, for each fiscal year based upon a consistent set of guidelines. The Compensation Committee reviews and approves all executive base and bonus compensation and the plan by which bonuses in excess of the targets established by the Compensation Committee may be paid.

Composition of Compensation Committee

During fiscal 2003, the Compensation Committee consisted of four non-employee members of the Board of Directors: Ms. Coleman and Messrs. Bryant, Chizen, and Walske (chair). In December 2003, the Board reorganized the Compensation Committee to consist of Ms. Coleman and Messrs. Chizen (chair) and Walske, all of whom satisfy the independence criteria of the SEC and NASD for serving on a Board committee that determines executive officer compensation. During fiscal 2003, the Compensation Committee maintained a Grant Subcommittee comprised of Committee members Mr. Chizen, Ms. Coleman and Mr. Walske, whose purpose was to ensure that option grants made to Synopsys' executive officers complied with certain securities and tax rules. The Board dissolved the Grant Subcommittee in December 2003 following the reorganization of the Compensation Committee.

Objectives of the Compensation Program

The objectives of the compensation program established by the Compensation Committee are: (1) to attract and retain high-quality executives, (2) to tie executive compensation directly to Synopsys' business and performance objectives and (3) to reward outstanding individual performance that contributes to Synopsys' long-term success.

Elements of Compensation

Each executive officer's compensation package is comprised of three elements: (1) base compensation, (2) bonus compensation payable based on the achievement of the Company's financial performance goals and individual performance, and (3) long-term stock-based incentive compensation, which ties executive compensation directly to Company growth and increased stockholder value.

Base Compensation. In establishing the base compensation for each executive officer, the Compensation Committee considers the following factors: (1) salary levels for comparable positions in software and related companies similar in size and business that compete with Synopsys in the recruitment and retention of senior management personnel, (2) each executive officer's past performance relative to corporate, business group (if applicable) and individual objectives, (3) each executive officer's responsibility level and objectives for the subsequent year, and (4) compensation relative to other Synopsys executive officers.

The Compensation Committee obtained information regarding competitive salary ranges for fiscal 2003 from independent compensation survey firms. Synopsys uses companies included in the S&P Information Technology Index for peer compensation information, excluding certain companies which (i) are larger than Synopsys, (ii) participate in different industries than Synopsys or (iii) are headquartered in different regions than Synopsys.

The Compensation Committee believes that the total cash compensation paid to the Company's executive officers in fiscal 2003 was competitive with the total cash compensation for executive officers at comparable companies.

Bonus Compensation. The Board and Compensation Committee met during the first quarter of fiscal 2003 to approve the fiscal 2003 bonus plan for executive officers. The plan set forth (1) the amount of target bonus compensation payable to individual executive officers (other than Synopsys' Senior Vice President of Worldwide Sales), assuming the Company achieved certain performance targets relating to accepted orders, revenue and expense levels (and for general managers of business units, orders and expenses for their individual business units), and (2) the sum of the target bonuses payable to all executive officers as a group. The Compensation Committee approved a separate bonus plan for the Company's Senior Vice President of Worldwide Sales that was based primarily on revenue and accepted orders. In addition, each executive officer's actual fiscal 2003 bonus could be adjusted as a result of a qualitative assessment of his or her performance by the Chief Executive Officer and President and Chief Operating Officer, in consultation with and approval by the Compensation Committee and the Board.

Under the plan, each executive officer's actual bonus increased if the Company achieved its performance targets; conversely, if the Company failed to meet all of its performance targets, each executive officer's actual bonus decreased. The bonus plan contained an "accelerator" element such that performance above plan results in a significantly higher bonus amount while performance below plan yields a significantly reduced bonus. The Compensation Committee believes that the accelerator clause is an appropriate mechanism to incentivize senior management to help the Company meet its corporate performance targets.

For fiscal 2003, certain executive officers received bonuses lower than their target amount as a result of the Company's failure to achieve certain performance targets. However, certain other executive officers' bonuses exceeded their target amounts as a result of the qualitative assessment of their individual performance. The Summary Compensation Table on page 10 shows total bonus compensation for the named executive officers. The Committee believes those compensation levels fairly reflect such executive officers' individual performance during fiscal 2003.

Long-Term Incentive Compensation. The Company provides long-term compensation to Synopsys' executives in the form of stock options. The Compensation Committee believes that equity-based compensation closely aligns the interests of executive officers with those of stockholders by providing an incentive to manage Synopsys with a focus on long-term strategic objectives set by the Board of Directors relating to growth and stockholder value. Stock option grant targets are determined by taking into account each executive officer's responsibility level, a comparison with comparable awards to individuals in similar positions in the industry and the executive officer's existing holdings of unvested stock options. Grants are made on the dates of the Board's regular quarterly meetings, which generally are held during the week following the Company's quarterly earnings release. The factors considered by the Compensation Committee in setting the amounts of grants include Company performance in relation to the financial plan, the performance of the executive officer's business unit in relation to its financial plan, and the individual's performance in relation to specific goals determined at the beginning of the fiscal year. However, the Compensation Committee does not strictly adhere to these factors in all cases and may vary grants made to each executive officer as the particular circumstances warrant. Exercise prices for options are set at the fair market value of Synopsys common stock on the date of grant.

Option grants to executive officers are made under the Company's 1992 Stock Option Plan, which has been approved by stockholders. Some executive officers hold options granted under the Company's 1998 Non-Statutory Stock Option Plan (1998 Plan) prior to becoming executive officers. All such options vest in installments over four years provided that the executive officer continues his or her employment with Synopsys. Accordingly, the option will provide a return to the executive officer only if he or she remains in Synopsys' employ, and then only if the market price of the Common Stock appreciates over the option term.

The Compensation Committee evaluated the performance of the named executive officers against the strategic objectives for fiscal 2003 set by the Board and concluded that such performance warranted the

level of long-term compensation awarded them as set forth in the Summary Compensation Table on page 10. The Compensation Committee reexamines long-term compensation levels annually.

Chief Executive Officer's Compensation

The Compensation Committee set the compensation for the Chief Executive Officer for fiscal 2003 in the first quarter of fiscal 2003. While the Company's competitive salary analysis indicated that the Chief Executive Officer's base salary was lower than base compensation levels of chief executive officers of some companies in its survey group, the Compensation Committee determined not to change Dr. de Geus' base salary from its 2002 level at such time.

As was the case with the other executive officers, the Compensation Committee set Dr. de Geus' target bonus during the first quarter of fiscal 2003. During fiscal 2003, the Compensation Committee increased Dr. de Geus' target bonus amount based on his achievement of certain strategic objectives. However, Dr. de Geus' actual fiscal 2003 bonus was adjusted slightly downwards from his revised target bonus as a result of the Company's failure to achieve certain performance targets.

In determining the amount of long-term compensation to grant to Dr. de Geus, the Compensation Committee considered the same factors used to determine the grants for other executive officers set forth above.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code places a \$1 million limit on the tax deductibility of compensation paid to our Chief Executive Officer and four other highly compensated executive officers who are required to be reported to stockholders under SEC regulations. Under the 1992 Plan, compensation deemed paid to an executive officer when he or she exercises an outstanding option under the 1992 Plan qualifies as performance-based compensation, and is therefore not subject to the \$1 million limitation; however, compensation deemed paid to an executive officer when he or she exercises an outstanding option under the 1998 Plan does not so qualify and is subject to the \$1 million limitation.

We expect that a portion of the compensation paid and deemed paid to two named executive officers in fiscal 2003 will not qualify for a tax deduction as a result of Section 162(m); the aggregate amount of such nondeductible compensation is not material to Synopsys.

Committee Interlocks and Insider Participation

The members of the Compensation Committee during fiscal 2003 were Ms. Coleman and Messrs. Bryant, Chizen and Walske. In December 2003, the Compensation Committee was reorganized to consist of Ms. Coleman and Messrs. Chizen and Walske, all of whom satisfy the independence criteria of the SEC and NASD for serving on a Board committee that determines executive compensation.

No Compensation Committee member was at any time during fiscal 2003, or at any other time, an officer or employee of Synopsys or any of its subsidiaries.

No executive officer of Synopsys serves on the board of directors or compensation committee of any entity that has one or more executive officers serving on Synopsys' Board of Directors or Compensation Committee.

Report of the Audit Committee

The following Report of the Audit Committee shall not constitute “soliciting material,” shall not be deemed “filed” with the SEC and is not to be incorporated by reference into any other Company filing under the Securities Act or the Exchange Act, except to the extent Synopsys specifically incorporates this Report by reference therein.

Communications with Management and Independent Accountants

The Audit Committee has reviewed and discussed our audited financial statements with management. In addition, the Audit Committee has discussed with KPMG LLP, Synopsys’ independent accountants, the matters required to be discussed by Statement of Auditing Standards No. 61, “Communications With Audit Committees” which includes, among other items, matters related to the conduct of the audit of our financial statements. The Audit Committee has also received written disclosures and the letter from KPMG LLP required by the Independence Standards Board Standard No. 1, which relates to the accountant’s independence from Synopsys and its related entities, and has discussed their independence from Synopsys, including whether KPMG LLP’s provision of non-audit services was compatible with that independence.

Committee Member Independence

Prior to February 2003, the Audit Committee was comprised of Ms. Coleman, Dr. Somekh, Mr. Bryant and Mr. Vallee. All Audit Committee members except for Mr. Bryant qualified as independent directors under the listing standards of the NASD. Mr. Bryant did not qualify as an independent director during fiscal 2003 under such standards due to the fact that he was serving as an executive officer of a customer of Synopsys that accounted for more than 5% of Synopsys’ revenue during fiscal 2003. However, in accordance with NASD listing standards, Synopsys’ Board of Directors (with Mr. Bryant abstaining) determined that Mr. Bryant’s membership on the Audit Committee was in the best interests of Synopsys and its stockholders due to Mr. Bryant’s high level of experience in financial and accounting matters.

In February 2003, Mr. Vallee was appointed to the Audit Committee, replacing Mr. Bryant. As a result, all current members of the Audit Committee are independent under the listing standards of the NASD.

Recommendation Regarding Financial Statements

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company’s audited fiscal 2003 financial statements be included in the Company’s Annual Report on Form 10-K for fiscal 2003.

**PROPOSAL TWO—APPROVAL OF AMENDMENT TO 1994
NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN**

Proposal

The Company is requesting that stockholders approve an amendment to the Directors Plan extending its term by five years, to October 2009.

Explanation

The Directors Plan is an equity incentive program designed to attract and retain highly-qualified and experienced individuals to serve as non-employee members of the Board. Although the Company pays cash compensation to directors, the Company has determined that the most effective way to attract and retain qualified non-employee directors is through a combination of cash and equity-based compensation. By providing equity-based compensation, non-employee directors' financial interests are more closely aligned with those of the Company's stockholders. Only non-employee directors are entitled to participate in the Directors Plan.

The Directors Plan was adopted in October 1994 and is scheduled to expire in October 2004. Therefore, the Company is requesting an extension of the Directors Plan so that options can continue to be granted to non-employee directors after October 2004. If stockholders do not approve the amendment, the Company would not be able to grant additional stock options to non-employee directors, adversely affecting the Company's ability to attract and retain qualified non-employee directors.

Approval of the extension requires the affirmative vote of a majority of the votes cast at a duly held stockholders' meeting at which there is a quorum. Abstentions will have the same effect as "Against" votes. Broker non-votes will have no effect.

Recommendation

The Board of Directors unanimously recommends a vote FOR approval of the amendment to the Directors Plan.

DESCRIPTION OF DIRECTORS PLAN

The following is a summary of the principal features of the Directors Plan.

Plan Administration

The Directors Plan is an "automatic" or "formula" grant plan in that the terms and conditions of each option grant (including the timing and pricing of the option grant) are governed by the express terms and conditions of the Directors Plan, and neither the Board nor any Committee of the Board may exercise any discretionary authority with respect to such grants.

Shares Reserved

As of March 15, 2004, options to purchase 1,168,492 shares were outstanding under the Directors Plan and 410,346 shares were available for issuance. Pursuant to the terms of the Directors Plan, an aggregate of 300,000 shares are automatically added to the pool available for future options on the first trading day of each calendar year during the term of the Directors Plan. Therefore, if stockholders approve the proposed extension of the Directors Plan, stockholders will also be approving the addition of an aggregate of 1,500,000 shares to the Directors Plan over the extended term. All share figures reflect the two-for-one stock split the Company completed on September 23, 2003.

Treatment of Expired and Canceled Options; Changes in Capitalization

If an option expires or is terminated without being exercised, the shares subject to the portion of the option not so exercised will become available for subsequent option grants. Shares issued upon exercise of options will reduce on a share-for-share basis the number of shares of common stock available for subsequent option grants.

In the event of any change in the common stock issuable under the Directors Plan by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding common stock as a class without the Company's receipt of consideration, then, appropriate adjustments will be made to the (i) maximum number and/or class of shares issuable under the Directors Plan, (ii) number and/or class of shares by which the share reserve is to increase automatically each calendar year, (iii) number and/or class of securities for which automatic option grants are to be subsequently made to each newly-elected or continuing non-employee Board member, and (iv) number and/or class of shares and exercise price per share under each outstanding option.

Eligibility for Grants

Under the Directors Plan, grants are made to non-employee directors only. A non-employee Board member who has previously been an employee of the Company is not eligible to receive an initial service grant but is eligible to receive annual and committee-service option grants. As of March 15, 2004, seven non-employee Board members were eligible to participate in the Directors Plan.

Option Grants

The Directors Plan previously provided that new non-employee directors received an option for 40,000 shares, vesting in equal installments over four years. In addition, each continuing director who was reelected at an annual meeting of stockholders received an option for 20,000 shares and an additional option for 10,000 shares for each Board committee membership, up to a maximum of two committee service grants per year. In August 2003, and consistent with the Board's general reduction of grants to executive officers under other Company stock option plans, the Board amended the Directors Plan to reduce the size of the initial and committee grants to 30,000 and 5,000 shares, respectively.

The annual and committee service option grants vest in full on the date immediately prior to the date of the annual meeting following their grant. In the case of directors appointed to the Board between annual meetings, the annual and any committee grants are prorated based upon the amount of time since the last annual meeting.

Price, Vesting and Exercisability

The exercise price per share of common stock subject to each option grant issued under the Directors Plan is equal to 100% of the fair market value per share of the common stock on the grant date, which is deemed to be equal to the closing selling price per share of common stock on the grant date, as reported on the Nasdaq Stock Market. On March 15, 2004 the fair market value per share was \$27.49.

The initial automatic grant of 30,000 shares vests in a series of four successive equal installments on the date immediately prior to each of the first four annual stockholders meetings following the grant date of that option, provided the optionee continues in Board service through that vesting date. Each annual grant, and each committee-service grant, vests in full on the date immediately prior to the first Annual Meeting following the date of the grant, provided the optionee continues in Board service through that vesting date. Each option is immediately exercisable for any or all of the option shares. However, any shares purchased under such options prior to vesting of those shares are subject to repurchase by the Company, at the exercise price paid per share, upon the optionee's cessation of Board service to the extent not then vested.

Upon exercise of the option, the option price for the purchased shares is immediately payable in cash or in shares of common stock valued at fair market value on the date of exercise. For vested shares, the option may also be exercised through a cashless exercise procedure pursuant to which the optionee provides irrevocable written instructions to a designated brokerage firm to effect the immediate sale of the purchased shares and to remit to the Company, out of the sale proceeds, an amount equal to the aggregate option price payable for the purchased shares plus all applicable withholding taxes.

The options have a maximum term of ten years, measured from the grant date.

Termination of Board Service

Should the optionee's Board service cease for any reason other than death or disability the optionee would have six months following the date of cessation within which to exercise any vested options he or she held at the cessation date.

In addition, should the optionee die within six months of terminating Board service, then the optionee's estate shall have twelve months in which to exercise the option for the number of shares that had vested at the time the optionee's Board service terminated.

Finally, should the optionee die or become permanently disabled while serving as a Board member, then the optionee or his or her estate, as applicable, shall have the right to exercise the option for the number of shares that would have vested had the optionee's service continued through the next annual meeting of stockholders.

Special Acceleration Events

If the Company is acquired, all options granted under the Directors Plan shall vest in full, effective immediately prior to the acquisition. Immediately following the consummation of the acquisition, each automatic option grant will terminate and cease to be outstanding, except to the extent assumed by the successor corporation or its parent company.

If the Company is acquired in any "hostile takeover" effected by means of a tender offer for more than 50% of the Company's outstanding voting power or by a change in the majority of the Board resulting from one or more contested elections for Board membership, all options granted under the Directors Plan shall vest in full immediately prior to the closing of such event. Each such option will remain so exercisable until the expiration or earlier termination of the option term.

Upon the successful completion of a hostile tender offer for more than 50% of the Company's outstanding voting power, each optionee will have the option, for thirty days following completion of the tender offer, to surrender to the Company each option grant he or she holds for a period of at least six months. The optionee will in return be entitled to a cash distribution from the Company in an amount per surrendered option share equal to the highest price paid per share of common stock in the tender offer, less the exercise price payable per share under the surrendered option.

Amendment and Termination

The Board may not, without the approval of the Company's stockholders, (i) materially increase the maximum number of shares issuable under the Directors Plan, (ii) materially modify the eligibility requirements for participation, or (iii) otherwise materially increase the benefits accruing to participants under the Directors Plan. The Board may make other amendments or modifications, but only once every six months, unless the amendment or modification is necessary to comply with applicable Federal income tax laws and regulations.

The Directors Plan, as amended, will terminate upon the earlier of (i) October 26, 2009 (subject to stockholder approval at the Annual Meeting) or (ii) the date on which all shares available for issuance

under the Directors Plan are issued or canceled pursuant to the exercise or cash-out of the granted options. Each option outstanding at the time of a termination pursuant to clause (i) will remain in force in accordance with the provision of the instruments evidencing such grant.

Tax Information

Options granted under the Directors Plan will be non-statutory options that are not intended to meet the requirements of Section 422 of the Internal Revenue Code. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the date of exercise over the exercise price paid for such shares.

Special provisions of the Internal Revenue Code apply to the acquisition of unvested shares of common stock under a non-statutory option. If the shares acquired upon exercise of the non-statutory option are subject to repurchase by the Company at the original option exercise price if the optionee's Board service terminates prior to vesting in those shares, then the optionee will not recognize any taxable income at the time of exercise but will have to report as ordinary income, as the optionee vests in the shares, an amount equal to the excess of (i) the fair market value of those shares on the vesting date over (ii) the option exercise price paid for such shares.

The optionee may, however, elect under Section 83(b) of the Internal Revenue Code to include as ordinary income in the year of exercise of the non-statutory option an amount equal to the excess of (i) the fair market value of the purchased shares on the exercise date over (ii) the option exercise price paid for such shares. If the Section 83(b) election is made, the optionee will not recognize any additional income as and when he or she vests in such shares.

Upon disposition of the shares, the optionee will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such shares and any amount recognized as ordinary income upon acquisition (or vesting) of the shares. Such gain or loss will be long-term or short-term depending on whether the shares were held for more than one year.

The Company will be entitled to an income tax deduction equal to the amount of ordinary income the optionee recognizes with respect to the exercised non-statutory option.

**PROPOSAL THREE—RATIFICATION OF APPOINTMENT
OF INDEPENDENT AUDITORS**

The Audit Committee has appointed the firm of KPMG LLP, independent auditors, to audit our consolidated financial statements for fiscal 2004. KPMG LLP has audited our consolidated financial statements since fiscal 1992. Stockholders are being asked to ratify the Audit Committee’s selection of KPMG LLP as independent auditors for fiscal 2004.

A KPMG LLP representative is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Ratification of the appointment of KPMG LLP requires the affirmative vote of a majority of the votes cast at a duly held stockholders meeting at which there is a quorum. Abstentions will have the same effect as “Against” votes. Broker non-votes will have no effect.

Fees of KPMG

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of Synopsys’ annual financial statements, and fees billed for other services rendered by KPMG LLP, for fiscal 2003 and 2002.

| Total Fees | <u>\$3,310</u> | <u>\$4,031</u> |

(1) Audit related fees consisted of fees for due diligence services and consultation relating to acquisitions.

(2) Tax fees consisted of fees for international tax planning services and advice, as well as fees for international tax compliance, international executive services and tax-related due diligence services for acquisitions.

Audit Committee Pre-Approval Policy

Section 10A(i)(1) of the Exchange Act requires that all non-audit services to be performed by Synopsys’ principal accountants be approved in advance by the Audit Committee of the Board of Directors, subject to certain exceptions relating to non-audit services accounting for less than five percent of the total fees paid to its principal accountants which are subsequently ratified by the Audit Committee (the De Minimus Exception). Pursuant to Section 10A(i)(3) of the Exchange Act, the Audit Committee has established procedures by which the Chairperson of the Audit Committee may pre-approve such services provided the Chairperson report the details of the services to the full Audit Committee at its next regularly scheduled meeting. None of the audit-related or non-audit services described above were performed pursuant to the De Minimus Exception during the periods in which the pre-approval requirement has been in effect.

Recommendation

The Board of Directors unanimously recommends that the stockholders vote FOR the ratification of the selection of KPMG to serve as Synopsys’ independent auditors for fiscal 2004.

ADDITIONAL INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and greater than ten percent beneficial owners of our stock to file reports of ownership and changes in ownership with the SEC. Directors, executive officers and greater than ten percent stockholders are required by SEC regulations to furnish Synopsys with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of the Forms 3, 4 and 5 filed by or received from its reporting persons (or written representations received from such persons), Synopsys believes that each of its directors, executive officers and greater than ten percent beneficial owners of its stock during fiscal 2003 complied with all filing requirements applicable to such persons except that Sanjiv Kaul, Senior Vice President, New Ventures Group, filed a Form 4 late reporting one transaction as a result of the transition from paper to electronic filing requirements.

Stockholder Communications with Board

Although Synopsys has not to date developed formal processes by which stockholders may communicate directly to directors, the Board believes its informal process, in which all communications sent to the Board or one or more individual members in care of the Chief Executive Officer or Corporate Secretary are delivered directly and promptly to the Board without being subject to pre-screening, has served the Board's and stockholders' needs to date. In view of recently adopted SEC disclosure requirements relating to this issue, the Governance Committee may in the future develop more specific procedures. Until any other procedures are developed and posted on Synopsys' corporate website, any communication to the Board or one or more individual members should be sent in care of Synopsys' Corporate Secretary at 700 East Middlefield Road, Mountain View, California 94043.

Board Attendance at Stockholders' Meetings

No members of the Board attended the 2003 Annual Meeting of Stockholders. However, a majority of the members of the Board have indicated that they intend to attend the 2004 Annual Meeting.

Consideration of Stockholder Recommendations for Candidates for Director

The Governance Committee will consider all proposed nominees whose names are submitted to it by stockholders; however, it does not have a formal process for such consideration. The Governance Committee has not to date adopted a formal process because it believes the informal consideration process has been adequate given the lack of stockholder nominations in the past. However, the Governance Committee intends to review periodically whether a more formal policy should be adopted. If a stockholder wishes to suggest a proposed name for Governance Committee consideration, the name of that nominee and related personal information should be forwarded to the Governance Committee, in care of the Corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the Governance Committee. See also "Date for Receipt of Stockholder Proposals" for procedural requirements and deadlines for nominations.

The Governance Committee has no stated specific or minimum qualifications that must be met by a Board candidate, and the Governance Committee uses the same selection criteria regardless of whether the candidate has been recommended by a stockholder or identified by the Governance Committee. However, all candidates for election or reelection should (i) have sufficient experience in the electronic design automation, semiconductor, electronics or technology industries to enable them to effectively help create and guide Synopsys' business strategy, (ii) be prepared to participate fully in Board activities, including preparation for, attendance at and active participation in, meetings of the Board, (iii) not hold positions that would conflict with their responsibilities to Synopsys, and (iv) have a high degree of personal

integrity and interpersonal skills. In addition, each candidate should also be prepared to represent the best interests of all of Synopsys' stockholders and not just one particular constituency. Finally, the listing standards of the NASD and Synopsys' own corporate guidelines require that at least a majority of members of the Board of Directors qualify as independent directors in accordance with such standards.

The Governance Committee has not to date retained a third party in order to assist it in identifying candidates for nomination to the Board. None of the nominees standing for reelection at the Annual Meeting were proposed by a holder of 5% or more of the Company's outstanding common stock.

Annual Report on Form 10-K

A stockholders' letter and a copy of our Annual Report on Form 10-K for fiscal 2003 (the Form 10-K), which together constitute our Annual Report to Stockholders, has been mailed concurrently with this Proxy Statement to all stockholders entitled to notice of and to vote at the Annual Meeting. Such Annual Report is not incorporated into this Proxy Statement and shall not be considered proxy solicitation material.

Stockholders may also request a copy of the Form 10-K, without charge, by writing to: Corporate Secretary, Synopsys, Inc., 700 East Middlefield Road, Mountain View, California 94043.

Date for Receipt of Stockholder Proposals

We know of no other matters that will be presented for consideration at the Annual Meeting. If any other matters properly come before the Annual Meeting, the persons named in the enclosed Proxy intend to vote the shares they represent as the Board of Directors may recommend. By executing the enclosed Proxy, stockholders grant such persons discretionary authority with respect to such other matters.

Synopsys stockholders who intend to present one or more proposals at our 2005 Annual Meeting of Stockholders, including nominations to the Board of Directors of persons other than those nominated by the Board, must send notification to Synopsys, in care of the Corporate Secretary, so that such notice is received no later than December 15, 2004 in order that they may be timely under our Bylaws and may be considered for inclusion in the proxy statement and proxy relating to that meeting; provided that, if we change the date of our 2005 Annual Meeting of Stockholders by more than 30 days, such notice must be delivered to Synopsys a reasonable time before the solicitation is made. A stockholder's notice to Synopsys must include, with respect to each matter the stockholder proposes to bring before the annual meeting: (i) a brief description of the matter and the reasons for conducting such business at the annual meeting; (ii) the name and address of the stockholder, as they appear on our books; (iii) the number of shares beneficially owned by the stockholder; (iv) any material interest of the stockholder in the proposal; and (v) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Exchange Act. Nominations of persons to the Board of Directors must include, with respect to each nomination and the nominating stockholder: (a) the name, age, business address and residence address of such person; (b) the principal occupation or employment of such person; (c) the class and number of shares of Synopsys which are beneficially owned by such person; (d) a description of all arrangements or understandings between the stockholder and each nominee and other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder; and (e) any other information relating to such person that is required to be disclosed in solicitations of proxies for elections of directors, or is otherwise required under the Exchange Act.

Notwithstanding the foregoing, the stockholder must also provide notice as required by the Exchange Act and the applicable regulations thereunder. The chairman of the Annual Meeting may determine, if the facts warrant, that a matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting.

The approval of this Audit Committee Charter shall be construed as a delegation of authority to the Audit Committee with respect to the responsibilities set forth herein.

MEMBERSHIP AND MEETINGS

The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall meet the independence requirements set forth in (i) the rules of the National Association of Securities Dealers, Inc. relating to The Nasdaq Stock Market (the “Nasdaq Rules”), and (ii) the rules of the Securities and Exchange Commission (“SEC”), one of whom shall be designated by the Board as Chairperson; *provided, however*, that under exceptional and limited circumstances permitted by the Nasdaq Rules, one member need not meet the independence requirements. All members of the Audit Committee shall have a basic understanding of finance and accounting and be able to read and understand fundamental financial statements at the time of appointment. Additionally, at least one member shall have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background, including a current or past position as a principal financial officer or other senior officer with financial oversight responsibilities. The Audit Committee shall meet at least four times annually.

The Audit Committee shall have full access to all books, records, facilities and personnel of the Company as deemed necessary or appropriate by any member of the Audit Committee to discharge his or her responsibilities hereunder, and to investigate any matter brought to its attention within the scope of its duties. The Audit Committee shall have authority to retain, at the Company’s expense, special legal, accounting or other advisors or consultants as it deems necessary or appropriate in the performance of its duties as set forth in Section 10A(m)(5) of the Securities Exchange Act of 1934 (the “Act”). The Audit Committee shall have authority to require that any of the Company’s personnel, counsel, auditors or investment bankers, or any other consultant or advisor to the Company attend any meeting of the Audit Committee or meet with any member of the Audit Committee or any of its special legal, accounting or other advisors and consultants.

RESPONSIBILITIES AND DUTIES

In carrying out its duties and responsibilities, the Audit Committee's policies and procedures should remain flexible in order to best react to changing conditions and to ensure to the directors and stockholders that the corporate accounting and reporting practices of the Company are in accordance with all requirements and are of the highest quality. To implement the Audit Committee's responsibilities and duties, the Audit Committee shall be charged with the functions and processes set forth below, with the understanding, however, that the Audit Committee may supplement or (except as otherwise required by law or the applicable Nasdaq Rules) deviate from these activities as appropriate under the circumstances.

Audit/ Internal Controls

1. Meet with the outside auditors and financial management of the Company to review the scope of the proposed audit for the current year and the audit procedures to be utilized, and at the conclusion thereof review such audit, including any comments or recommendations of the outside auditors.
2. Meet with the representatives of the Company's independent auditors, both with and without members of management present. Among the items to be discussed in these meetings are the outside auditors' evaluation of the Company's financial and accounting personnel and the cooperation that the outside auditors receive during the course of the audit.
3. Review with the outside auditors and the Company's financial and accounting personnel the adequacy and effectiveness of the internal controls of the Company, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions or procedures that might be deemed illegal or otherwise improper.
4. Review with the independent auditors any problems or difficulties the auditors may have encountered in connection with the annual audit or otherwise and any management letter provided by the auditors and the Company's response to that letter. Such review shall address any difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to required information, any disagreements with management regarding generally accepted accounting principles ("GAAP") and other matters, material adjustments to the financial statements recommended by the independent auditors and adjustments that were proposed but "passed," regardless of materiality.
5. Oversee the internal audit function of the Company, including consultation with the internal auditor to determine areas for review and audit, review of the internal audit group budget and activities of the internal audit function, review of significant reports prepared by the internal audit department together with management's response and follow-up to these reports, and the coordination of the internal audit program with the independent auditors, with particular attention to the balance between independent and internal auditing resources. The Audit Committee shall meet privately with the internal auditor as necessary. The Audit Committee shall annually review the experience and qualifications of the senior members of the internal auditors and the quality control procedures of the internal auditors.
6. Discuss, periodically, policies for risk assessments and risk management with members of the Treasury and Internal Audit groups.

Financial Statements

7. Review and discuss with management and outside auditors the press release and conference call regarding the annual and quarterly financial results and guidance (which function may be

performed by the Chairperson of the Audit Committee on behalf of the Audit Committee in the case of quarterly financial results and guidance).

8. Review with management and the outside auditors the results of the annual audit, including the auditors' assessment of the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments and estimates (including material changes in estimates), any audit adjustments noted or proposed by the auditors (whether "passed" or implemented in the financial statements), the adequacy of the disclosures in the financial statements, any significant changes to the Company's accounting principles and any other items required to be communicated by the independent auditors in accordance with Statement of Accounting Standards 61. Based on such review and discussion as well as the actions taken under Section 9 below, the Audit Committee shall make a determination whether to recommend to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K.
9. Review with the auditors and management significant issues that arise regarding accounting principles and financial statement presentation, including the adoption of new, or material changes to existing, critical accounting policies or to the application of those policies, the potential effect of alternative accounting policies available under GAAP, the potential impact of regulatory and accounting initiatives and any other significant reporting issues and judgments.

Outside Auditors

10. The Audit Committee shall have the sole authority to approve the hiring and firing of the independent auditors, all audit engagement fees and terms and all non-audit engagements, as may be permissible, with the independent auditors. The Audit Committee shall review the performance of the Company's independent auditors annually. In doing so, the Audit Committee shall consult with management and shall obtain and review a report by the independent auditors describing their internal control procedures, issues raised by their most recent internal quality control review, or peer review (if applicable), or by any inquiry or investigation by governmental or professional authorities for the preceding five years and the response of the independent auditors. The Audit Committee shall consider whether it is appropriate to adopt a policy of rotating independent auditors on a periodic basis.
11. Pre-approve all audit and permissible non-audit services (as set forth in Section 10A(i)(1) of the Act) to be provided to the Company by the independent auditors (or subsequently approve non-audit services in those circumstances where a subsequent approval is necessary and permissible). As permitted pursuant to Section 10A(i)(3) of the Act, authority for such preapproval may be delegated to one or more Audit Committee members, provided that all approvals of audit and non-audit services pursuant to this delegated authority be presented to the full Audit Committee at its next meeting.
12. Annually receive from outside auditors a formal written statement delineating all relationships between the outside auditors and the Company, consistent with the Independence Standards Board Standard 1, and actively engage in a dialogue with the outside auditors with respect to any disclosed relationships or services that may affect the objectivity and independence of the auditors and take or recommend that the full Board take appropriate action to oversee the independence of the auditors.
13. Monitor the rotation of the partners of the auditors on the Company's audit engagement team as required by applicable law.

14. Consider, and if deemed appropriate, adopt a policy regarding Audit Committee pre-approval of employment by the Company of individuals formerly employed by the Company's auditors and engaged on the Company's account.

QLCC

15. Adopt written procedures for the confidential receipt, retention, and consideration of any report of evidence of a material violation of an applicable U.S. federal or state securities law, a material breach of fiduciary duty arising under U.S. federal or state law, or a similar material violation of any U.S. federal or state law (a "material violation").
16. The Audit Committee, as QLCC, has the authority and responsibility (i) to inform the Company's Vice President and General Counsel and Chief Executive Officer (or the equivalents thereof) of any report of evidence of a material violation (unless doing so would be futile, within the meaning of 17 CFR 205.3(b)(4)); (ii) to determine whether an investigation is necessary regarding any report of evidence of a material violation by the Company, its officers, directors, employees or agents and, if it determines an investigation is necessary or appropriate, to: (A) initiate an investigation, which may be conducted either by the Vice President and General Counsel (or the equivalent thereof) or by outside attorneys; and (B) retain such additional expert personnel as the Audit Committee deems necessary; and (iii) at the conclusion of any such investigation, to: (A) recommend, by majority vote, that the Company implement an appropriate response to evidence of a material violation; and (B) inform the Vice President and General Counsel and the Chief Executive Officer (or the equivalents thereof) and the Board of Directors of the results of any such investigation under this section and the appropriate remedial measures to be adopted.
